

6 July 2006

DigitalSkys Appoint Board Chairman

Dubai, UAE. DigitalSkys, providers of the next generation in global telecommunications and specialists in reliable ‘last-mile’ wireless solutions have appointed HH Prince Bander Bin Abdullah Bin Mohammed Al-Saud to the position of Non-Executive Chairman with immediate effect.

HH Prince Bander Bin Abdullah Bin Mohammed Al-Saud, President and CEO of Soroof International, completed his bachelor’s degree in aeronautical science in 1972, before enjoying a successful and highly decorated career within the Royal Saudi Air Force.

In 1993 he completed his master’s degree in National Security from the National Defense University in Washington DC and in 1994 went on to obtain an MPA from George Washington University.

Commenting on his appointment, HH Prince Bander Bin Abdullah expressed his strong commitment to the new role:

“This is a fantastic opportunity for me to help shape the future of an exciting, fast paced industry. DigitalSkys has the strategic long-term vision and extraordinary technical expertise in satellite based VSAT platforms, WiMAX and Wi-Fi technologies to become global leaders in their field and I look forward to playing my part in the company’s development”.

The appointment comes as DigitalSkys seek to take commercial advantage of their successful deployment of the latest generation of two-way, high speed satellite based platforms, by reaching new customers across diverse territories and business sectors.

Charles D'Alberto, CEO, commented “we are delighted and honored to receive HH Prince Bander Bin Abdullah Bin Mohammed Al-Saud as chairman of the DigitalSkys Group. His decorated military career, proven business acumen and unwavering pursuit of excellence will place DigitalSkys in good stead to achieve its aggressive growth strategy”. Future growth is to be part funded through the company’s upcoming listing on the Australian Stock Exchange.
